Supported by:

Conference Speakers

7:00 AM - 8:00 AM Registration

TRACK 1**CONFERENCE HALL A****Session 1 "Person Centered Evidence Based Wound Care"****Chair: Hiske Smart (Bahrain) & Dr. Linda Haskins (UAE)**

Time	Topic	Speaker
08:00-08:15	Psychological and Emotional aspects of Wound Care	Prof. Zena Moore (Ireland)
08:15-08:30	Microcredentialing in Canada & around the World	Prof. R. Gary Sibbald (Canada)
08:45-09:00	The intersection between dementia and chronic wounds	Prof. Kimberly LeBlanc (Canada)
09:00-09:15	Irritant Contact Dermatitis due to incontinence in persons: Update 2025	Dr. Elizabeth A. Ayello (USA)
09:15-09:30	Why vascular disease complicates wound care	Prof. Mohamed Baguneid (UAE)
09:15-09:30	Revolutionising Science and Clinical Practice: From bench top to bedside, the role of research in wound care and practice	Prof. Kylie Sandy-Hodgetts (Australia)

09:30 – 10:00 Opening Ceremony / IIWCG Awards by Ms. Gulnaz Tariq**10:00-10:30: COFFEE BREAK & EXHIBITION****Session 2 "Bridging Science, Education, and Innovation in Wound Care"****Chair: Prof. Mohamed Baguneid (UAE) & Ms. Gulnaz Tariq (UAE)**

Time	Topic	Speaker
10:30-10:45	Management of Septic Diabetic Foot (Keynote Speaker)	Dr. Hani Mohammed Badahdah (Saudi Arabia)
10:45-11:00	Practical dermatological care of patients with wounds (Keynote Speaker)	Prof. Afsaneh Alavi (USA)
11:00-11:15	Future of Wound Care: Innovations for the Next Generation -Advancing Healing Through Technology & Science!	Ms. Gulnaz Tariq (UAE)
11:15-11:30	Optimizing patients towards their healing expectations	Ms Hiske Smart (Bahrain)
11:30-11:45	Psychological issues in persons with chronic wounds	Dr. Chaitanya Kodange (Bahrain)

Session 3 “Innovations in Wound Care: Digitalization, AI, and Best Practices for Healing”

Chair: Dr. Linda Haskins (UAE)

Time	Topic	Speaker
11:45-12:00	Digitalization for Wound Care	Mr. Andrew Mohan (Canada)
12:00-12:15	IWII Wound Cleansing Continuum	Ms. Terry Swanson (Australia)
12:15-12:30	Wound Bed Preparation - Minimum standards for Diabetic foot management	Dr. Reneeka Jaimangal (Canada)
12:30-12:45	Emerging Technologies in Wound Healing	Dr. Suhail Chughtai (UK)
12:45-13:00	From Diagnosis to Healing: The AI Revolution in Wound Care	Dr. Sandeep Gopalakrishnan (USA)

13:00-14:00 LUNCH BREAK & EXHIBITION

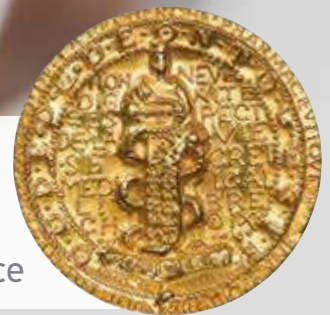

Accelerated healing of diabetic foot ulcer with topical oxygen

Granulox®, an innovative topical haemoglobin spray for the treatment of chronic wounds.

**2020 Prix Galien
award winner**
– best new medical device

April 10, 2025

CONFERENCE HALL A

Session 4 "Advancing Diabetic Foot Care: Innovations, Strategies, and Global Perspectives"

Chair: Dr. Abeer Alanazi (UAE) / Dr. Bharat Kotru (India)

Time	Topic	Speaker
14:00-14:15	Operation FootShield: The Fight Against Diabetic Foot	Dr. Bharat Kotru (India)
14:15-14:30	Soft tissue reconstruction of the diabetic foot	Dr. Nick Marsden (UAE)
14:30-14:45	Health Economic Implications of Chronic Wound Management	Dr. Abeer Alanazi (UAE)
14:45-15:00	Use of Dermal substitutes in treatment of complex diabetic wounds	Dr. Shailesh Ranade (India)
15:00-15:10	Foundational care of diabetic foot	Dr. Noura Salim Salman (UAE)
15:10-15:20	Transforming Diabetic Foot Management: A Network-Wide Approach in the UAE	Ms. Ines Rosado (UAE)
15:20-15:30	Strategies to optimize perfusion to a non-healing wound. A vascular Surgeon's perspective	Dr Ibrahim Riza (UAE)

15:30-16:00 COFFEE BREAK & EXHIBITION

Session 5 "Optimizing Wound Care: Prevention Strategies and Palliative Approache"

Chair: Mr. Abdulaziz Binkanan (Saudi Arabia)

Time	Topic	Speaker
16:00-16:10	Healing Beyond Boundaries: Improving Patient Outcomes in the Outpatient Department	Mr. Brinsley Davids (South Africa)
16:10-16:20	Patient Education and Empowerment	Mr. Mousa Asiri (Saudi Arabia)
16:20-16:30	Caring priorities for non-healable wounds	Ms Hiske Smart (Bahrain)
16:30-16:45	Effect of hyperglycemia on foot deformity and on wound healing	Dr. Golnar Prudhomme (UAE)
16:45-17:00	Palliative Wound Care: What is Important	Mr. Abdulaziz Binkanan (Saudi Arabia)

April 10, 2025

TRACK 2

CONFERENCE HALL B-A

10:30-11:30
Hands-on Workshop

Remak Medical

“MIMICLON Revolutionizing Recovery: The Science of Pro-Regenerative Scaffolds”

By Dr. Haider Said Jalil (UAE)

The logo for REMAK, featuring the word "REMAK" in a bold, dark blue, sans-serif font.

CONFERENCE HALL B-A

11:30-12:30
Hands-on Workshop

Winner Medical

“Advancing Absorption: Transforming Wound Exudate Management”

- Keynote Remarks - Ms. Gulnaz Tariq
- Clinical Case Presentation - Dr. Vilvkumaran
- Product Preview - Ms. Chew Wai Yee

The logo for Winner Medical, featuring the word "winner" in a lowercase, teal, sans-serif font.

CONFERENCE HALL B-A

12:30-13:00
Hands-on Workshop

Urgo /Genadyne

The logo for URGO MEDICAL, featuring the word "URGO" in a large, teal, sans-serif font with a stylized human figure icon to the left, and "MEDICAL" in a smaller, dark blue, sans-serif font below it. Below "MEDICAL" is the tagline "Healing people®". Below the URGO MEDICAL logo is the word "GENADYNE" in a dark blue, sans-serif font, with a stylized purple and blue swoosh element under the letter "A".

TRACK 2

CONFERENCE HALL B-A

Session 6 "Holistic Wound Healing: Innovations, Psychology, and Digital Advancements"

Chair Ms. Elizabeth Ruth Choudhry (UAE)

Time	Topic	Speaker
14:00-14:15	Accelerating Healing with a Dynamic Injectable Neo-Matrix: boosting both protein byosynthesis and collagen production	Prof. Guido Ciprandi (Italy)
14:15-14:30	Music Therapy : Making the Wounds Happy	Dr. Shailesh Ranade (India)
14:30-14:40	Advances in vascular assessment of the lower limb	Ms. Elizabeth Ruth Choudhry (UAE)
14:40-14:50	Strengthening Infection Control through Capacity Building Initiatives	Ms. Caroline Bilin (UAE)
14:50-15:00	Milliseconds to Save Limbs: The Role of Pedal Acceleration Time in Wound Healing	Dr. Nicola Sedgwick (UAE)
15:00-15:10	Advancing Wound Care: Evidence-Based Practice and Innovative Solutions for Optimal Healing	Mr. Hamza Abed Al Karim Ahmad Al Shraiedeh (UAE)
15:10-15:20	Innovative Approaches to Chronic Wound Management: Meticulous debridement and the use of Biosynthetic Dressings	Mr. Brinsley Davids (South Africa)
15:20-15:30	Excellence in Wound Care: Tele-Wound and Virtual Wound Care	Mr. Abdulaziz Binkanan (Saudi Arabia)

15:30 - 16:00 COFFEE BREAK & EXHIBITION

CONFERENCE HALL B-A

Session 7 "Emerging Technologies"

Chair: Ms. Salvacion Cruz (UAE)

Time	Topic	Speaker
16:00-16:10	Emerging technologies: Remote monitoring of surgical wounds for prevention; findings from the EDISON trial	Prof. Kylie Sandy-Hodgetts (Australia)
16:10-16:20	Home care services for management of chronic wounds	Dr. Chaitanya Kodange (Bahrain)
16:20-16:30	Team Collaboration: Enhancing Wound Care and Patient Clinical Approach	Ms. Salvacion Cruz (UAE)
16:30-16:40	Emerging Technologies in Wound Healing	Ms. Febe Bruwer (South Africa)
16:40-16:50	Emerging Technologies in Wound Healing- Neoplasm therapy in treatment of wounds	Ms. Nasreen Abdelatif Fadlelsid (UAE)
16:50-17:00	Pressure Injury Prevention and Microclimate	Ms. Asha Ali Abdi (UAE)

April 10, 2025

CONFERENCE HALL B-B,C

11:30-12:30
Symposium

ESSITY

12:30-13:00
Workshop - Compression Therapy

ESSITY

Antimicrobial stewardship - guidance and implementation in wound care

- Ms. Gulnaz Tariq
- Dr. Kylie Sandy-Hodgetts
- Prof. Dr. Guido Ciprandi
- Mr. Amer Farahat

CONFERENCE HALL B-B,C

13:00-14:00 LUNCH SYMPOSIUM

MOLNLYCKE

CONFERENCE HALL B-B,C

14:00-15:00
Innovation Spotlight

Exeo Healthcare

High quality products and solutions to effectively manage different health and medical conditions

Cutimed®
Advanced Wound Care

Leukoplast®
Acute Wound Care

essity
Breaking Barriers to Well-being

Essity is a leading global hygiene and health company aiming to break barriers to well-being. With world-renowned brands such as the registered trademarks **Cutimed, Leukoplast, JOBST, Delta-Cast, Actimove & TENA**. Essity is among the global market leaders within its Medical Solutions categories in wound care, compression and incontinence.

TRACK 4

CONFERENCE HALL B-D

Abstracts - Oral Presentation

Session 8: Wound Care Innovations and Clinical Practices

Chair: Ms. Nasreen Abdullatif (UAE) & Ms. Febe Bruwer (South Africa)

Time	ID	Title	Presenter
10:30-10:40	4	Evaluation and Comparison of the Effectiveness of Current Topical Agents Used in the Treatment of Diaper Dermatitis Among Babies in Neonatal Intensive Care Unit	<i>Marilou Mendoza</i>
10:40-10:50	6	Addressing the Complexities of Diabetic Foot Ulcers: Morbidity, Mortality, and Holistic Wound Management	<i>Yvette Conyers</i>
10:50-11:00	7	Experience Advanced Wound Care with Amchoplast, a Sterile, Dehydrated Human Amnion-Chorion Membrane with PMHB	<i>Jinan Alkubaisy</i>
11:00-11:10	8	A New Frontier in Chronic Wound Healing	<i>Hilal Allou</i>
11:10-11:20	10	Structuring Skin Care to Prevent Incontinence-Associated Dermatitis	<i>Marilou Mendoza</i>
11:20-11:30	13	Influencing Factors of Sense of Powerlessness in Patients with Malignant Fungating Wounds: A Qualitative Research	<i>Wei Di</i>
11:30-11:40	21	Summary of the Care of a Patient with a Full Abdominal Incisional Laceration Who Underwent Enteral Nutrition Through Jejunostomy	<i>Lina Qiao</i>
11:40-11:50	22	Pressure Injury Data from a Large Tertiary Hospital Over 12 Years to Explore the Risk Factors for Pressure Injuries and Provide Evidence	<i>Xianzhen Jin</i>
11:50-12:00	24	Improving Patient Safety Care Quality by Implementing Best Practices and Preventive Measures to Minimize IV Complications	<i>Mariezl Fonbuena</i>
12:00-12:10	25	: Accelerating Healing of Diabetic Foot	<i>Rawan Afandi</i>
12:10-12:20	37	How Double Focal Compression Bandaging Technique Can Transform the Treatment of Vascular Ulcers	<i>Carlos Sánchez Fernández de la Vega</i>
12:20-12:30	30	A Case-Cohort Study of the Outcomes of Probiotics on Wound Healing in a Private Hospital in Abu Dhabi	<i>Najat Amharar</i>
12:30-12:40	33	Compounding Pearls: A Revolutionary Solution for Wound Care	<i>Tai Soo Fern</i>
12:40-12:50	34	Application of "Internet Plus"-Based Continuing Care in Patients with Intestinal Stoma	<i>Zhang Hua</i>
12:50-13:00	26	Accelerate Wound Healing with New Advanced Treatments and Techniques by Exosome	<i>Rawan Afandi</i>

13:00-14:00 LUNCH BREAK & EXHIBITION

CONFERENCE HALL B-D**Session 9: Enterostomy, Pressure Injury, and Patient Safety****Chair: Ms. Diana Darweesh (UAE) & Ms. Ms.Nasreen Abdelatif Fadllesid (UAE)**

Time	ID	Title	Presenter
14:00-14:10	38	The Impact of Complete Decongestive Therapy on Accelerating Wound Healing: A Comprehensive Approach to Wound Management	<i>Kerelous Estfanous</i>
14:10-14:20	49	Herpes Zoster Chronic Wound Management	<i>Ali Alibrahim</i>
14:20-14:30	52	Risk Factors of Pressure Injury in Patients with Cancer Admitted via Emergency Department at a Referral Cancer Center in Jordan	<i>Mo'Ath Mohammad Yahya Al Meqdadi</i>
14:30-14:40	50	The Impact of Education in Preventing Pressure Injuries	<i>Ali Alibrahim</i>
14:40-14:50	54	The Impact of Dressings on Pressure Ulcer Prevention – A Cochrane Systematic Review	<i>Prof. Tom O'Connor</i>
14:50-15:00	56	The Role of Stromal Vascular Fraction (SVF) in the Treatment of Diabetic Foot: A Promising Therapeutic Approach	<i>Christeen Yousef</i>
15:00-15:10	55	The Impact of Pressure Ulcer Prevention Education on Health Care Professionals' Knowledge	<i>Prof. Tom O'Connor</i>
15:10-15:20	57	Enhancing Nursing Compliance Rate in Implementing Pressure Injury Prevention Measures in Critical Care Unit and Medical Unit for Newly Opened Hospital 2024	<i>Aisha Mostafa Hassan</i>
15:20-15:30	58	Does the in Vitro Efficacy Promise Correlate with the In Vivo Reality and Clinical Effectiveness in the Local Wound Treatment with Antimicrobials?	<i>Damir Marincic</i>

15:30 - 16:00 COFFEE BREAK & EXHIBITION**Session 10: Wound Care Therapies and Psychological Interventions****Chair: Ms. Fatima Kasem El Ahmad (UAE) & Ms. Ashwaq Ali (UAE)**

Time	ID	Title	Presenter
16:00-16:10	59	Patient Education and Empowerment	<i>Hanan Kalawoun</i>
16:10-16:20	63	Analysis of the Current Situation and Influencing Factors of Powerlessness in Patients with Malignant Fungating Wounds	<i>Yang Yige</i>
16:20-16:30	64	Therapeutic Effect of Local Oxygen Therapy on Diabetic Patients with Lower Extremity Ulcer: A Case Report	<i>Ni Feilin</i>
16:30-14:40	66	Summary of Best Evidence for Chronic Wound Pain Assessment and Management	<i>Zejun Xu</i>
16:40-16:50	68	The Use of Matriderm Dermal Substitute as Tissue Replacement in Full Spectrum of Pediatric Reconstruction	<i>MuhammadAli Adnan, Carla Baldrighi, Rawan Shadouhi, Derek Mendonca</i>
16:50-17:00	69	Management of Epidermolysis Bullosa Simplex in a Newborn Filipino – A Narrative Experience	<i>Val Constantine S. Cua</i>

April 10, 2025

TRACK 5

Session 13

CAPITAL SUITE 5

10:30 - 13:00

9th OCM

(by Invitation Only)

Chair: Ms. Eseyá Abbas (Saudi Arabia)

Time	Topic	Speaker
10:30-11:00	The power of three, combining advanced knowledge in wound, ostomy, and continence care to prevent wounds and realize cost savings	Prof. Kimberly LeBlanc (Canada)
11:00-11:30	Stoma Marking, "Post-Operative Outcomes".	Ms. Diana Darweesh (UAE)
11:30-12:00	Stoma siting and complication management	Ms. Eseyá Abbas (Saudi Arabia)
12:00-12:30	Education to establish wound and ostomy nurses	Ms. Ruth Mary Aruna Kommu (Saudi Arabia)

Avance[®] Solo

The closure your patients have been looking for

Consistent, regulated negative pressure

Controlled Fluid Management (CFM) technology™ enables the Avance[®] Solo NPWT System to deliver consistent, regulated negative pressure to the wound site while transporting exudate from the wound to the canister^{1,2,3}.

Single-use negative pressure therapy – without compromise

Avance[®] Solo is a portable single patient use negative pressure system². It is indicated for use on open wounds, where it aims at promoting faster healing and improved patient mobility.

See patient cases and learn more about how Avance[®] Solo can help you and your patients

CONFERENCE HALLA

Session 14 "Transforming Wound Care: Technology, Patient Empowerment, and Holistic Approaches"

Chair: Mr. Abbas Abdul Hassan Anad (UAE)

Time	Topic	Speaker
08:00-08:15	Technology and Health Economics in Wound Care	Dr. Suhail Chughtai (UK)
08:15-08:30	Transforming Chronic Wound Care: Evidence-Based Practices, Dignity-Centered Approaches, and Insights from Community Nursing	Ms. Widasari Sri Gitarja (Indonesia)
08:45-09:00	Patient Education and Empowerment	Prof. Paulo Alves (Portugal)
09:00-09:15	Multimodal Pain Management Strategies for Pediatric Wounds	Prof. Guido Ciprand (Italy)
09:15-09:30	Centralizing Wound Care Services: Enhancing Quality and Reducing Variability Across Networks	Ms. Ines Rosado (UAE)
09:15-09:30	Advances in Wound care on a global level * (R)	Prof. Harikrishna Nair (Malayasia)
09:30-09:45	Preventive Wound Care Strategies and Cost Savings	Mr. Mousa Asiri (Saudi Arabia)
09:45-10:00	Leveraging AI for Advanced Infection Control practices	Ms. Caroline Bilin (UAE)

10:00 - 10:30 COFFEE BREAK AND EXHIBITION

Session 15 "Advancing Wound Care: Innovations, Guidelines, and Multidisciplinary Strategie"

Chair: Prof. Afsaneh Alavi (USA)

Time	Topic	Speaker
10:30-10:45	Hidradenitis suppurativa	Prof. Afsaneh Alavi (USA)
10:45-11:00	Management of Complicated Diabetic Foot	Dr. Rashid Shahbazi (UAE)
11:00-11:15	Wound Care in Geriatric Patients	Prof. Zena Moore (Ireland)
11:15-11:30	New Global Guideline for Postoperative Incision Care (ISWCAP) * (R)	Prof. Kylie Sandy-Hodgetts (Australia)
11:30-11:45	Combination of NPWT & Dermal Substitutes: A Life saving Magical wand in Treatment of Infected Burns	Dr. Shailesh Ranade (India)
11:45-12:00	PH and its influence on Wound Healing	Ms. Terry Swanson (Australia)
12:00-12:15	Revolutionizing Wound Care: From Science to Practice	Prof. Paulo Alves (Portugal)
12:15-12:30	Risk to Benefit strategies in adjunctive modality decision making	Ms. Hiske Smart (Bahrain)

April 11, 2025

CONFERENCE HALL A

Session 16 "Innovations in Pressure Injury Prevention and Management: From Devices to Complex Wounds"

Chair: Prof. Kimberly LeBlanc (Canada)

Time	Topic	Speaker
14:00-14:15	Device related pressure injuries	Dr. Elizabeth A. Ayello (USA)
14:15-14:30	Skin health in the frail elderly	Prof. Kimberly LeBlanc (Canada)
14:30-14:45	Preventing Pressure injuries- initiating novel techniques	Ms. Merin Daniel (UAE)
14:45-15:00	Transitioning of care from acute setting to home care in pressure ulcer	Dr. Noura Salim Salman (UAE)
15:00-15:10	Complicated surgical wounds after complex heart surgery in children- a review of management from the IIWC and WBPP perspectives	Dr. Neerod Kumar Jha (UAE)
15:10-15:15	PH Modulation in Diabetic Foot	Dr. Bharat Kotru (India)
15:15-15:30	SKMC Journey in Prevention of Hospital Acquired Pressure Injury	Ms. Salvacion Cruz (UAE)

15:30-16:00 COFFEE BREAK & EXHIBITION

Session 17 International Interprofessional Wound Care Course – Update

Chair: Ms. Gulnaz Tariq (UAE)

17:00 - 18:00

Graduation & Closing Ceremony

TRACK 5

Session 19

CONFERENCE HALL B-A

08:00 - 10:00
9th COM

(by Invitation only)

Time	Topic	Speaker
08:00-08:45	RIO Tool Workshop	Dr. Faisal Alkulaib -Coloplast
08:45-09:30	ARC Workshop	Facilitators
09:30-10:00	Insights from the Wear Time Survey	Dr. Faisal Alkulaib -Coloplast

CONFERENCE HALL B-A

10:30- 11:30
Workshop

Smith & Nephew

- Wound Healing Essentials: hydrosurgical Debridement technique, single-use Negative Pressure therapy, and Foam Dressing innovation

CONFERENCE HALL B-A

11:30- 12:30
Wound Cleansing Workshop

Session 20: Advancements in Wound Healing Techniques and Therapies

Chair:- Ms. Merin Daniel (UAE) & Ms. Leena Kennedy (UAE)

Time	ID	Title	Presenter
10:30-10:40	70	Evaluation of the Effectiveness of Zinc Oxide and Vitamin E (Vea Zinco) in Treating Peristomal Skin Lesions	<i>Cristoforo Ferrero</i>
10:40-10:50	71	Wound care of an infant with pinhole infection after bone marrow aspiration for acute myeloid leukemia: a case series	<i>Kuang Yunsha</i>
10:50-11:00	73	The Current Status of Post quality of Wound,ostomy and Continence Specialists Nurses	<i>Xu Fangfang, Pan Aihong, Yang xia, Zhou Guihua,Wang Shengqin</i>
11:00-11:07	78	Study on the Preventive Effect of Position Management Guided by Pressure Interface Pressure and Skin Temperature Monitoring on Pressure Injuries in Paraplegic Patients	<i>Aimei Miao</i>
11:07-11:14	79	Comparative Analysis of Novel Ozone and Plasma Therapies Against Established and Home-Based Treatments for Refractory Diabetic Foot Ulcers. A Case Report	<i>Javad Ghorbani</i>
11:14-11:21	84	The Role of Artificial Intelligence Tools in Educating Patients with Diabetic Foot Ulcers: A Systematic Review	<i>Amir Mohammad Chekeni, Mohammad Hasan Maleki, Sadegh Jamshidian, Hossein Hasani</i>
11:21-11:28	87	Acceleration of Neuroischemic Wound Healing with Risk of Re-Infection with NPWT and Punch Graft Technique	<i>Negin Hosseini</i>
11:28-11:35	89	Pilot Trial on the Effect of Wound Hygiene with Sulphurous Thermal Water on Infected Chronic Wounds	<i>Crucianelli Serena</i>
11:35-11:42	91	The Efficacy of Comprehensive Treatment and Patient Education in Trauma-Induced Amputation Wound Healing	<i>Javad Ghorbani</i>
11:42-11:49	95	Punch Graft, a Winning Technique in the Treatment of a Three-Year Non- Healing Wound	<i>Reza Ghorbani</i>
11:49-11:56	97	To Estimate Changes in Collagen Characteristics in Traumatic Wounds Following Negative Pressure Wound Therapy (NPWT)	<i>Suddhabrata Garai</i>
11:56-12:03	99	The Impact of Rheumatoid Arthritis on Graft Rejection and Associated Infections	<i>Amirmohammad Ahmadpour Torkamani</i>
12:03-12:10	112	Prevention and Healing Journey Enhancing Patient Outcomes Through Interdisciplinary Wound Management: A Multidisciplinary Approach	<i>Raquel Sofia Marques Neves</i>
12:10-12:20	113	Comprehensive Multidisciplinary Wound Care for Healing and Recovery in Pediatric Wounds	<i>Rawan Shadouhi, Muhammad Ali Adnan, Carla Baldrighi, Derek Mendonca</i>

12:30-14:00 LUNCH BREAK & EXHIBITION

CONFERENCE HALL B-D**Session 21: Comprehensive Wound Care and Multidisciplinary Approaches****Chair:- Mr. Brinsley Davids (South Africa & Ms. Ashwaq Ali Haji Nuuh (UAE)**

Time	ID	Title	Presenter
14:00-14:10	118	Chinese Version and Reliability and Validity Test of Chronic Wound Patient Self-Report Outcome Scale (Wound-Q)	<i>Liu Chunfeng</i>
14:10-14:20	120	A Qualitative Study of the Experience of Social Integration in Patients with Permanent Colostomy for Colorectal Cancer	<i>Xie Lingnyu</i>
14:20-14:30	122	Development and Evaluation of a Novel Automatic Patient Repositioning and Pressure Redistribution Mattress to Enhance Mobility and Prevent Pressure Ulcers	<i>Jaise Jacob, Ashraf Thayyil, and Sandeep Gopalakrishnan</i>
14:30-14:40	123	Combined Topical Oxygen and Vacuum-Assisted Closure (O2+VAC) Therapy for the Treatment of a Chronic Ischemic Diabetic Foot Ulcer: A Case Report	<i>Jayanthinathan S., Jaise Jacob, Ashraf Thayyil, Sandeep Gopalakrishnan</i>
14:40-14:50	124	Enhancing Peri-Wound Assessment Through Convolutional Neural Networks: A Novel Approach for Accurate and Efficient Wound Margin Detection	<i>Sridhar, Geethanjali Radhakrishnan, Jeffrey Niezgoda, Bala Pesala, Ashraf Thayyil, Sandeep Gopalakrishnan</i>
14:50-15:00	61	Fluorescence Imaging To Assess Bacterial Burden Before And After Chemical Debridement With A Topical Desiccating Agent	<i>Johannes P. Snels.; Thomas Serena; Alberto Cogo</i>
15:00-15:10	62	Eradication Of Wound Bed And Periwound Bacterial Fluorescence After A Single Application Of A Topical Desiccating Agent	<i>Johannes P. Snels.; Thomas Serena; Alberto Cogo</i>
15:10-15:20	127	The application of alginate dressing (granular type) in the care of peristomal irritant dermatitis	<i>Tian Junhong</i>

15:30 - 16:00 COFFEE BREAK & EXHIBITION

+ Reduce patient bed days and alleviate the pressure on hospitals

Abstracts - Poster

Panel 1

Chair:- Dr. Kavita Singatwadia (UAE) & Ms. Ghadeer redha alkhouder (Saudi Arabaia)

- **Abstract ID: 2** | 10:30–10:33 | The Effectiveness of Polyurethane Foam Dressings in Pressure Injury Prevention: Evidence-Based Practice - *Hamza Alshraideh*
- **Abstract ID: 3** | 10:33–10:36 | Management of Incontinence-Associated Dermatitis (IAD) in SCBU and NICU: Evidence-Based Practice - *Hamza Alshraideh*
- **Abstract ID: 12** | 10:36–10:39 | The Role WBP in Successfully Healing Complicated Wounds: A Case Series - *Aihua Chen*
- **Abstract ID: 14** | 10:39–10:42 | Reliability and Validity of Chinese Version of Wound Quality of Life Scale in Patients with Wound in the Clinic of Wound Care - *Zhu Xiaomei*
- **Abstract ID: 15** | 10:42–10:45 | Application Study of Negative Pressure Closed Drainage in the Treatment of Diabetic Foot Salvage - *Liping Ma*
- **Abstract ID: 18** | 10:45–10:48 | Observation on the Effect of FOCUS-PDCA Model in Preventing Pressure Injuries in Elderly Bedridden Patients under the Aging Background - *Yuru Huang*
- **Abstract ID: 19** | 10:48–10:51 | Effective Strategies for Strengthening the Management of Medical Nursing Assistants to Reduce Pressure Injuries in Elderly Patients – *XuJian*
- **Abstract ID: 28** | 10:51–10:54 | Investigate the Cost-Benefit Situation of 47 Wound and Stoma Specialist Care Clinics in Hunan Province - *Huayun Liu*
- **Abstract ID: 31** | 10:54–10:57 | Chinese Medicine Solution “Kangfuxin” Combined with Moist Dressings to Treat Skin Damage Caused by Tumor Targeting Drugs - *Ying Shenglv*
- **Abstract ID: 35** | 10:57–11:00 | The Effect of At-Home Enema on Anterior Resection Syndrome Following Prophylactic Ileostomy Reversal with Rectal Anastomosis Preservation - *Jiaoyan Xia*
- **Abstract ID: 42** | 11:00–11:03 | Effect of Self-Care on Defecation Habits of Rectal Cancer Patients Undergoing Sphincter Sparing Surgery - *Yiqun Yu*
- **Abstract ID: 43** | 11:03–11:06 | Colostomy Care - *Hong Liu*

Abstracts - Poster

Panel 1

- [Abstract ID: 44](#) | 11:06–11:09 | Knowledge, Attitude, and Practice of Pre-Hospital Emergency Medical Staff Regarding Pressure Injury Prevention: A Cross-Sectional Survey in Jiangsu Province - *Ping Yu*
- [Abstract ID: 45](#) | 11:09–11:12 | Evaluation of the Effect of Chronic Disease Self-Management Model in Patients with Postoperative Lymphedema of Breast Cancer - *Chenye Yuan*
- [Abstract ID: 46](#) | 11:12–11:15 | Nursing Care of a Patient with Deep Mucocutaneous Separation of a Total Regional Stoma with Retraction Combined with Disruption of Wound and Bowel Exposure - *Tan Jiayang*
- [Abstract ID: 48](#) | 11:15–11:18 | Postoperative Pain in Orthopedics is an Acute Stimulus Caused by External Trauma and Surgical Injury - *Xiaofen Sun*
- [Abstract ID: 51](#) | 11:18–11:21 | Impact of Amniotic Membrane in Fast Healing for Chronic Diabetic Wound - Oral Presentation - *Ali Alibrahim*
- [Abstract ID: 53](#) | 11:21–11:24 | A Brief Discussion on Home Care Measures for Elderly Patients with Chronic Wounds During the COVID-19 Pandemic - *Qian Chen*
- [Abstract ID: 60](#) | 11:24–11:27 | Navigating Complex Wound Healing in Hidradenitis Suppurativa: A Post-Surgical Case Report - *Gulnaz Tariq*
- [Abstract ID: 61](#) | 11:27–11:30 | Fluorescence Imaging to Assess Bacterial Burden Before and After Chemical Debridement with a Topical Desiccating Agent - *Johannes P. Snels, Thomas Serena, Alberto Cogo*
- [Abstract ID: 62](#) | 11:30–11:33 | Eradication of Wound Bed and Periwound Bacterial Fluorescence After a Single Application of a Topical Desiccating Agent - *Johannes P. Snels, Thomas Serena, Alberto Cogo*
- [Abstract ID: 65](#) | 11:33–11:36 | Construction of Whole-Course Nursing Program for Patients with Colorectal Cancer with Temporary Colostomy Based on Patients' Needs - *Zejun Xu*
- [Abstract ID: 67](#) | 11:36–11:39 | The Use of Matriderm Dermal Substitute as an Adjunct in Primary Cleft Palate Repair - *Muhammad Ali Adnan, Carla Baldrighi, Derek Mendonca*

Day 1 (April 10, 2025)

Abstracts - Poster

Panel 2

Chair:-Dr. Noura Salim Salman (UAE), Ms. Reem Ayesh Althobaiti (Saudi Arabia)

- **Abstract ID: 75** | 10:30–10:33 | Optimizing Wound Management in Multiple Trauma Cases: Insights from a Two-Week Experience at Sheikh Khalifa Hospital, Fujairah
- *Salma Elkhazin Abdullah*
- **Abstract ID: 77** | 10:33–10:36 | Clinical Analysis of Treatment Challenges in Shoulder Sarcoma: A Case Report - *Javad Ghorbani*
- **Abstract ID: 80** | 10:36–10:39 | Innovative Multidisciplinary Approach for Managing Complex Occupational Wounds - *Javad Ghorbani*
- **Abstract ID: 82** | 10:39–10:42 | Practice and Evaluation of Incontinence Care Clinic
- *Liping Ni*
- **Abstract ID: 85** | 10:42–10:45 | Multidisciplinary Management of Diabetic Foot Ulcers: A Case Report on Optimizing Healing Outcomes - *Javad Ghorbani*
- **Abstract ID: 86** | 10:45–10:48 | The Prospects of Health Economics in Wound Treatment Through the Lens of Health Tourism: A Systematic Review - *Amir Mohammad Chekeni, Mohammad Maleki, Sadegh Jamshidian, Hossein Hasani*
- **Abstract ID: 88** | 10:48–10:51 | Pressure Injury Challenges - *Iman Ateeq*
- **Abstract ID: 90** | 10:51–10:54 | Optimizing Tissue Viability in Long-Term Care Setting: NMC Provita's Strategies for Effective MASD Management in Geriatric and Paediatric Patients - *Dalu K Sukumaran*
- **Abstract ID: 92** | 10:54–10:57 | Enhancing Pressure Injury Awareness: A Comprehensive Quality Improvement Initiative for Effective Identification, Classification, Prevention, and Wound Care - *Roshan Pereira*
- **Abstract ID: 93** | 10:57–11:00 | Utilizing the DRAWTEX SD100 Bandage as a Cost-Effective Alternative in Treating Venous Lower Leg Ulcers - *Dr Febe Bruwer*
- **Abstract ID: 94** | 11:00–11:03 | Day to Day Nursing Care for EB Patient
- *Chaza Alaa Eddin*
- **Abstract ID: 96** | 11:03–11:06 | Comprehensive Multidisciplinary Management of Chronic DFU Using Advanced Therapies - *Reza Ghorbani*

Abstracts - Poster

Panel 2

- [Abstract ID: 98](#) | 11:06–11:09 | Superficial Traumatic Skin Injury Protocol to Prevent and Manage Superficial Traumatic Skin Injuries - *Neethu Lakshmy Ravindran*
- [Abstract ID: 100](#) | 11:09–11:12 | The Role of Nurse's Knowledge in Preventing PU and Addressing Their Psychological Impact - *Reza Ghorbani*
- [Abstract ID: 103](#) | 11:12–11:15 | Reducing the Risk of Skin Tears in Long-Term Healthcare: A Quality Improvement Initiative - *Merry Fe Turas Garlejo*
- [Abstract ID: 104](#) | 11:15–11:18 | An Evidence-Based Research Review on the Use of Braden Risk Assessment Tool Effective in Reducing Incidence or Severity of Pressure Ulcers When Compared to Clinical Judgment - *Anju kurian*
- [Abstract ID: 105](#) | 11:18–11:21 | Multidisciplinary Team for EB
- *Abeer Majed Joureyah*
- [Abstract ID: 106](#) | 11:21–11:24 | Multidisciplinary Team for Epidermolysis Bullosa
- *Haifa AL TAMIMI*
- [Abstract ID: 108](#) | 11:24–11:27 | Managing Cosmetic Surgery Wound Complications: Lessons Learnt from Cosmetic Surgery Tourism - *Baker R, Dunn R, Zulquarni M, Riaz M, Lambah P, Marsden N, Bichpuriya A, Omkumar A*
- [Abstract ID: 109](#) | 11:27–11:30 | Reconstruction of Complex Wounds with Microvascular Free Flaps. Lessons Learned at Sheikh Shakhbout Medical City - *Baker, Dunn R, Alrifai A, Gangat A, Riaz M, Lambah P, Marsden N, Thomas B, Sarwar S*
- [Abstract ID: 110](#) | 11:30–11:33 | Tackling Skin Tear Incidence at NMC Provita: A Focus on Prevention and Care - *Dalu K Sukumaran*
- [Abstract ID: 111](#) | 11:33–11:36 | Uniform Dressing Management Strategies for Epidermolysis Bullosa: A Path to Better Care - *Rincy Murali*
- [Abstract ID: 114](#) | 11:33–11:39 | Evidence-Based Nursing Practice for Patients with Idiopathic Thrombocytopenia and Pyoderma Gangrenosum - *Wang Zhixia*

KAdermin powder spray (SCX technology)

Ingredients for targeted benefits

PATENT

PCT/IB2013/054647

HYALURONIC ACID

Maintains moisture balance and promotes fast wound healing

SILVER SULFADIAZINE

Strong anti-microbial properties

Ag⁺

Cx²⁺

Cx²⁺

Cx²⁺

Ag⁺

SiO₂⁻

Ag⁺

CHLORHEXIDINE

Robust antiseptic action

KAOLIN

Effectively absorbs exudates

Cx²⁺

Ag⁺

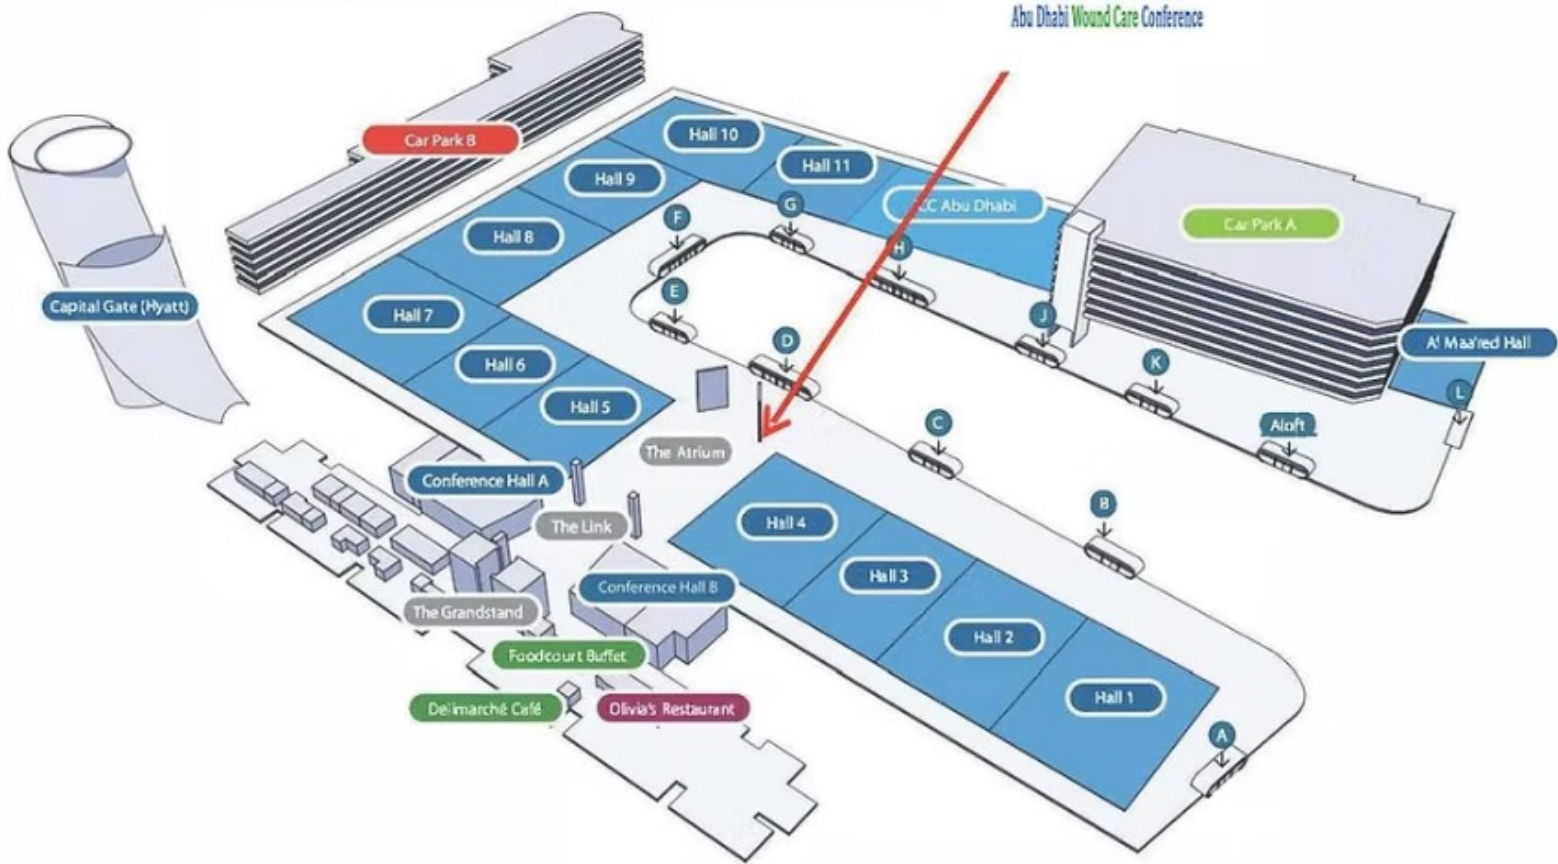

SiO₂

Acts as a protective barrier over the wound

KAdermi Indications

powder spray

Pathological wounds

Bedsore

Diabetic Foot Ulcers (DFU)

Venous Ulcers

Traumatic wounds

Minor Burns

Skin Lacerations

Severe Diaper Rash

Post-surgical wounds

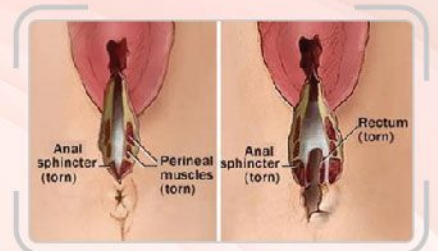

Umbilical Stumps

Pilonidal Sinus

Cesarian Section

Episiotomy

KAdermi is the preferred solution for its uninterrupted wound healing, achieved through three times per week application, compared to the daily use required by conventional products
